# EVERYONE GETS SOMETHING

## DEVELOPER & BUSINESS TRACK

Developers will benefit from WordPress developers, plugin and theme creators world-wide. Expect to hear WordPress best practices, how to secure WordPress sites and more.

You will also gain some insight from WordPress business owners who have been working with the eco-system to create business value.

Lastly, expect famous international plugin authors to talk about their experiences with contributing to the WordPress project.

## USER & EDUCATION TRACK

If you have wondered what you could do to get the best mileage from using WordPress, this track would get you there!

Learn from bloggers, site maintainers and even professors on how they use WordPress to manage their content effectively without coding knowledge.

General web design and hosting best practices will also be available in this track.
